15 The sum of Rs 20,000 has been included in the list of additional items considered in connection with the budget. But the list has not yet been approved by Govt.

16 As stated by the Honorary President the sum of Rs 20,000 has to be ~~treated~~ treated as an advance subject to deduction from the grants to be hereafter made for City Improvements As a sum of Rs 1,00,000 has already been provided in the Sanitary P.W. Budget, no additional provision is needed. The sum of Rs 20,000 included in the list of additional items has therefore to be omitted when the budget is finally sanctioned.

Submitted to His Highness.

W 31)

In December last, His Highness was pleased to approve of the reconstitution of the Bangalore City Improvement Committee with a view to their making a thorough investigation of the needs of the City in regard to future improvements and developments. The Committee have held several meetings and prepared a preliminary plan of operations.

Paper under disposal

2. The Chairman of the Committee now asks for an advance of Rs.20,000 to meet the initial expenditure for survey, preparation of plans, estimates &c.

Page 5 of the office notes

3. The Financial Secretary has no objection to sanction the preliminary grant and has made the necessary provision in the current year's State Budget. He is, however, of opinion that it may be treated as a grant and not as an advance.

8 of the office notes

4. When large schemes have to be prepared, such preliminary expenditure is inevitable. The question was therefore discussed at a Meeting of the Council on the 22nd July 1914 and the opinion of the Council is that Rs.20,000 may be granted to the City Improvement Committee of Bangalore towards the cost of preliminary operations.

5. The proposed grant of Rs.20,000 may be graciously sanctioned.

III. Read General and Revenue Secretary's letter No.10403/M1.10-13-21 dated the 14th April 1914 calling for the opinion of the Municipal Council in regard to the special grant of ₹ 20,000 applied for by the City Improvement Committee and enquiring as to the nature of the proposed expenditure and the procedure to be followed

followed in incurring it.

Resolution:- The Committee respectfully beg to point out that they consider it inopportune, at the present stage of their deliberations, to apply to the Municipal Council for any funds that may be required for preliminary operations. They would request that the funds may be kindly advanced to them from the General Revenues subject to adjustment from the grants to be hereafter made for the City Improvements. The sum of ₹20,000 applied for by the Committee is required for carrying out survey work and preparation of detailed plans and estimates for the several works included in the programme. It would be sufficient if the funds are placed at the disposal of the Committee at the beginning of the next official year for which it is requested that the necessary provision may be kindly made in the Public Works Budget. /3

The Sanitary Engineer and the Government Architect (Mr. Lakshminarasappa) will incur the necessary expenditure under proper sanctions and account for the same.

With reference to Clause (iv) of para 6 of Government Proceedings No. 6340-9/M1. 330-12-3 dated 20th December 1913, the Committee will make their recommendations in due course after the preparation of plans and estimates. In the meantime, the funds applied for are required for preliminary operations only and the provision of funds for this purpose need not be deferred till
